

# Management of Persistent Post Concussive Symptoms: What's the Latest Evidence?

Christina Finn MS, OTR/L

## Faculty

Christina Finn MS, OTR/L graduated from the University of Scranton in 2004 with a master's degree in Occupational Therapy and is currently an assistant professor of occupational therapy at the New York Institute of Technology in Westbury, NY where she teaches classes in physical rehabilitation and motor learning. Prior to attaining a full-time faculty position, Christina worked at NYU Rusk for 10 years. During her time, she worked extensively with individuals with visual difficulties as a result of brain injury, concussion, and other neurological conditions. She has experience in all areas of rehabilitation across the spectrum of care, including acute care, inpatient, and outpatient rehabilitation. She has attended several vision therapy training courses and holds a certification in adult vestibular rehabilitation. Christina has presented to health care professionals on the topic of vision rehabilitation and has presented nationally on the topic of post-concussion syndrome. Disclosure: Financial: Christina receives a speaking fee from Education Resources. Non-Financial: She has no non-financial relationships to disclose

"This course gave me more confidence in treating this population. It took the knowledge I already had as an OT and put it together in a way that addressed all the issues with these patients. I especially liked the guidelines for prepping the patient for return to school/work/play."  
- C. Thomason, OT

## About this Live Webinar

This course will provide updates on the latest research related to diagnosis and management of concussion and persistent post concussive symptoms. This course will focus on the latest relevant and evidence-based assessment and treatment strategies for adults and children with prolonged visual, vestibular, and sensory complaints as a result of concussion. Effective treatment strategies to improve visual skills, balance, and sensory integration for optimal return to all daily tasks will be highlighted. Best practice guidelines for return to learn, return to play, and return to work will be highlighted. Participants will engage in clinical problem solving via group case analysis and discussion.

## Objectives

- 1 Apply current research to diagnosis and treatment of concussion and post-concussion syndrome
- 2 Determine when referral is indicated to address co-morbidities
- 3 Assess visual function, balance and ability to participate in daily tasks (including cognitive)
- 4 Implement treatments to remediate oculomotor dysfunction, sensory integrative dysfunction and visual motor skills impairment
- 5 Implement training techniques and compensatory strategies including cognitive strategies to help the patient transition back to work, school and daily tasks

## Audience

This course is relevant for therapists working with individuals of all ages including school aged children, young adults and older adults who may have sustained a concussion as a result of fall, MVA, sports injury or other accident.

## Schedule—Day 1 9:10 am - 3:15 pm EST (US)

<b>9:10–9:30</b>	<b>Webinar Registration/Zoom Course Opens</b>
<b>9:30–9:45</b>	The Concussion Crisis <ul style="list-style-type: none"> <li>• Population: athletes, students, wounded warriors, accident victims.</li> <li>• Chronic Traumatic Encephalopathy: What are the implications for repetitive head injury? An update on the latest evidence.</li> </ul>
<b>9:45–10:00</b>	Policy Updates and Changes as a Result of Concussion Awareness
<b>10:00–10:30</b>	Diagnosis of Concussion: Understanding Multimodal Assessment and Best Practice <ul style="list-style-type: none"> <li>• Current diagnostic tools: imaging, lab profile, clinical presentation, implications for therapy intervention</li> </ul>
<b>10:30–11:00</b>	Concussion with Persistent Symptoms: Understanding Persistent Post Concussive Symptoms
<b>11:00–11:15</b>	Break
<b>11:15–11:30</b>	Management of Persistent Post Concussive Symptoms: What are the current recommendations? An examination of the literature related to medication, rest and rehabilitation
<b>11:30–12:00</b>	Specialized Equipment: Does it prevent concussion? Implications for Education and Injury Prevention
<b>12:00–1:15</b>	Visual, Vestibular and Sensory Changes following concussion
<b>1:15–1:45</b>	Lunch
<b>1:45–2:15</b>	Impact of Concussion on Cognition: Updates on the Latest Evidence
<b>2:15–2:45</b>	The Role of Neuropsychology and Cognitive Testing
<b>2:45–3:15</b>	The Role of Rehabilitation: <ul style="list-style-type: none"> <li>• What happens when symptoms do not resolve with rest alone?</li> <li>• Services that can help manage post concussive symptoms: Occupational Therapy, Neuropsychology, Vocational Rehabilitation.</li> <li>• Working with an interdisciplinary team to decrease symptoms and optimize return to function.</li> </ul>

## Schedule—Day 2 9:10 am - 3:15 pm EST (US)

<b>9:10–9:30</b>	<b>Webinar Registration/Zoom Course Opens</b>
<b>9:30–10:30</b>	<b>Case Analysis and Chart Review</b> (Breakout Rooms)
<b>10:30–11:00</b>	Co-morbidities and the Interdisciplinary Team
<b>11:00–11:15</b>	Break
<b>11:15–11:45</b>	Return to Learn and Classroom Modifications: Best Practice Guidelines (CDC and International Consensus Statement)
<b>11:45–12:15</b>	Return to Play: Best Practice Guidelines
<b>12:15–12:30</b>	Facilitating Return to Work
<b>12:30–12:45</b>	Concussion Education and Knowledge Transfer: Implications for Patient and Family Education
<b>12:45–1:15</b>	Lunch
<b>1:15–1:45</b>	Visual and Vestibular Assessments and Screening Visual Issues Vision Screening: DEM, King Devick, NPOC, Oculomotor Screening Specific Vestibular and Balance and Assessments: DVA, BESS, TUG, ABC
<b>1:45–2:15</b>	Vision Interventions to Improve Functional Interventions Interventions to Improve Visual Skills for Optimal Functional Performance Treatment to Remediate Oculomotor Dysfunction <ul style="list-style-type: none"> <li>• Convergence and bilateral activities</li> <li>• Oculomotor and reading</li> <li>• Oculomotor smooth pursuits and balance</li> </ul>
<b>2:15–3:15</b>	<b>LAB:</b> Oculomotor and Sensory Integration Interventions (Breakout Rooms)

## ERI: Life-changing learning

**You love what you do.** Our courses remind you why. As a therapist, you change lives every day – and have your life changed in return. ERI is life-changing learning, for therapists by therapists.

### The ERI Advantage:

- Techniques you'll use the next day
- Peers who share your passion
- Renowned faculty
- Evidence-based courses that improve outcomes
- 30 years of life-changing learning

### Specialty Tracks throughout the lifespan – Neonatal, Pediatric, Adult, Geriatric

Each ERI specialty track is designed to make the most of your continuing education time, budget, and goals. Start your search with us and plan every course you'll take in 2022.

**Visit**  
**educationresourcesinc.com**  
**for all your 2022 courses.**

## ERI Rewards

**Your ERI experience is more rewarding than ever.**

- First Course Discount
- Group Discounts
- \$100 off your 4th Multi-day Course
- And more

### Credits

Continuing Education Hours for disciplines not listed below: 10 contact hours (1.0 CEUs). Intermediate level.

American Occupational Therapy Association

Approved Provider

Education Resources Inc. is an AOTA Approved Provider of professional development. Provider #3043. This Distance Learning-Interactive (webinar) is offered at 10 contact hours (1.2 CEUs) Intermediate OT Service Delivery. AOTA does not endorse specific course content, products or clinical procedures..

Approved provider of the **FL** Board of Occupational Therapy-CE Broker 12 - hours. This course meets the approval of the **TX** Board of OT Examiners.

**ASHA CE**  
**APPROVED PROVIDER**

Education Resources,  
Inc. Intermediate Level  
1.0 ASHA CEUs.

ASHA CE Provider approval and use of the Brand Block does not imply endorsement of course content, specific products, or clinical procedures.

Application has been made to the **FL** Physical Therapy Association for 12 CE Hours.

Application has been made to the **NJ** State Board of Physical Therapy Examiners for 10 CECs.

Application has been made to the **MD** Board of Physical Therapy Examiners for 1.0 CEU's.

Application has been made to the **MN** Board of Physical Therapy. Application has been made to the **OK** Board of Medical Licensure and Supervision for Physical Therapy.
