

Maximizing Cardiovascular and Pulmonary Function in Patients to Decrease Readmissions and Reach Optimal Outcomes

If You Can't Breathe Nothing Else Matters

Donna Frownfelter DPT, CCS, RRT, FCCP

Faculty

Donna Frownfelter, DPT, CCS, RRT, FCCP is an internationally known consultant, teacher, practitioner and author best known for the widely used text, coauthored with Elizabeth Dean PhD, PT, *Principles and Practice of Cardiopulmonary Physical Therapy* 5th edition. Dr. Frownfelter co-authored *Cardiovascular and Pulmonary Patterns, Guide to PT Practice* with Dr. Marilyn Moffat, 2007. Dr. Frownfelter's experience ranges from NICU, to medical/surgical critical care in large medical centers, to skilled nursing and home care. She has worked with the school systems to integrate and educate children with asthma and children who are ventilator assisted in the classroom and participation in the community. She is currently involved with patient groups through the Respiratory Health Association of Metropolitan Chicago to promote Mindful Breathing and Self Care. She has taught CVP Physical Therapy for over 35 years at Northwestern University Physical Therapy and Human Movement Sciences and is currently full-time faculty at Rosalind Franklin University of Medicine and Science, the College of Health Professions, Physical Therapy Department. She is also the Program Director for Rosalind Franklin University's online Transition Doctor of Physical Therapy Program.

Disclosure: Financial: Donna Frownfelter receives a speaking fee from Education Resources as well as royalties from Mosby Publishers. Non-Financial: She has no non financial relationships to disclose.

About this Course

Every patient you treat is a cardiovascular and pulmonary patient. No matter what the setting you practice in from Acute Care to Skilled Nursing, Long Term Acute Care, to Home Care or Outpatient Therapy or school settings, your therapy outcomes will be limited by primary and secondary cardiovascular and pulmonary impairments. Using best practices to examine and evaluate clients and provide optimal interventions safely will maximize functional outcomes and help prevent re-hospitalizations which is of primary concern and focus in the current health care arena.

Objectives

- ① Describe and monitor normal and abnormal cardiopulmonary functional variety of practice settings.
- ② **Interpret** the results of monitoring and apply to PT, OT, RT & SLP interventions, progression of therapy and re-evaluation.
- ③ Identify and incorporate **ventilator strategies** in therapeutic exercise by modifying breathing patterns to facilitate speech and movement optimal function.
- ④ Identify **red flags** to raise concern for issues which might prevent success with discharge from various settings and address solutions to optimize transitions to lower levels of care or self care.
- ⑤ Interact with the inter-professional team across the continuum of care to provide optimal therapy and coordination to **decrease re-hospitalization**.

Audience

Physical Therapists, Physical Therapist Assistants, Occupational Therapists, Occupational Therapy Assistants working with school age through adult clients with cardiovascular and/or pulmonary impairments

Schedule – Day 1

8:00-8:30	Registration/Continental Breakfast
8:30-10:30	Clinical Applications of Cardiovascular and Pulmonary (CVP) Anatomy and Physiology
10:30-10:45	Break
10:45-12:00	Pathophysiology of Primary and Secondary CVP Impairments
12:00-1:00	Lunch (on your own)
1:00-2:45	Examination and Evaluation of Patients, Applications to PT, OT & SLP
2:45-3:00	Break
3:00-4:30	LAB with Lecture: Intervention: Mindful Breathing, Ventilatory Strategies

Schedule – Day 2

8:00-8:30	Continental Breakfast
8:30-10:30	Airway Clearance Interventions to facilitate speech and movement
10:30-10:45	Break
10:45-12:00	Treatment Progressions, Case Studies
12:00-1:00	Lunch (on your own)
1:00-2:30	Respiratory Support Equipment, i.e. Oxygen, Titration with exercise, Oximeters, Respiratory Muscle Trainer, Body Jackets, Wheelchair Supports for optimal Ventilation
2:30-2:45	Break
2:45-3:30	Reasons for re-hospitalization of CVP patients
3:30-4:30	Empowering Patients and family/significant others for Self-Advocacy Self-Management and Self Care

"With the penalties assigned to the acute care hospitals regarding rapid readmission, the focus has been on COPD, CAF, and AMI. Ms. Frownfelter has proven herself a leader in this field ... I found her material to the point yet very descriptive. I enjoyed her hands-on format and delivery. I look forward to making an immediate impact on my working environment(s) when I return on Monday."

-Stephen Leonard, PT

ERI: Life-changing learning

You love what you do. Our courses remind you why. As a therapist, you change lives every day – and have your life changed in return. ERI is life-changing learning, for therapists by therapists.

The ERI Advantage:

- o Techniques you'll use the next day
- o Peers who share your passion
- o Renowned faculty
- o Evidence-based courses that improve outcomes
- o 30 years of life-changing learning

Specialty Tracks throughout the lifespan – Neonatal, Pediatric, Adult, Geriatric

Each ERI specialty track is designed to make the most of your continuing education time, budget, and goals. Start your search with us, and plan every course you'll take in 2020.

Visit educationresourcesinc.com for all of your 2020 courses.

ERI Rewards

Your ERI experience is more rewarding than ever.

- First Course Discount
- Bring a Friend Savings
- Group Discounts
- \$100 off your 4th Multi-day Course
- And more

Subject to availability. Exclusions may apply. Visit our website for details and coupon codes.

Credits

This course meets the criteria for 13 contact hours (1.3 CEUs).

The **MO** Board of PT recognizes other state board's approvals. This course meets the **CO** PT requirements for 13 Contact Hours (1.3 points) – Intermediate Level, CAT 1. Application has been made to the **NJ** Board of Physical Therapy Examiners. This workshop meets accepted standards for continuing competence as outlined by the **CT** General Statutes.

Approved provider by the **NY** State Board of Physical Therapy for 15.6 contact hours.

Approved provider of continuing education by the American Occupational Therapy Association #3043 for 13 Contact Hours (1.3 CEUs) - Intermediate level, Occupational Therapy Process: Assessment, Intervention. The assignment of AOTA CEUs does not imply endorsement of specific course content, products or clinical procedures by AOTA.

NBCOT professional development provider - 13 PDUs.

Education Resources, Inc is approved by the Continuing Education Board of the American Speech-Language-Hearing Association (ASHA) to provide continuing education activities in speech-language pathology and audiology. See course information for number of ASHA CEUs, instructional level and content area. ASHA CE Provider approval does not imply endorsement of course content, specific products or clinical procedures.

This course is offered for up to 1.3 ASHA CEUs (Intermediate level, Professional area)

Locations and Dates - 2020

June 12-13	St. Louis, MO	Missouri Baptist Medical Center
October 3-4	Denver, CO	Presbyterian/St. Luke's Medical Center Rehabilitation
November 6-7	Englewood, NJ	Englewood Hospital and Medical Center

\$435 fee. Group rate (3 or more) must be mailed/faxed together \$410. Deadline for registration is 3 weeks prior to course. Registration will be accepted after deadline on a space available basis. Cancellation accepted up until 2 weeks before course, minus an administration fee of \$75. NO REFUNDS WITHIN 2 WEEKS OF COURSE.

Please make check payable and return to: Education Resources, Inc. .266 Main St., Suite 12 • Medfield, MA 02052
